## PROGRAM DESCRIPTION

The intent of this study abroad program is to provide participants with opportunities for international and multi-cultural experiences through immersion in Kenya's world-renowned culture. Using service learning as a foundation for critical inquiry, this intensive program will use a trans-disciplinary approach with global intercultural competency as an expected outcome.

### Program Highlights:

- Tour and study the Great Rift Valley and the many natural attractions
- One-week live-in with a host family in the village
- Coordinated and sampled classes at a major Kenyan university
- Facilitation and participation in a 2-day teacher development conference
- Hands on construction and refurbishment of a classroom in a local primary school
- Teaching or working alongside teachers, or just playing ball with children in village primary school
- A three-day full package excursion into Maasai Mara/Serengeti Game Reserve
